

Radical Welcome – How Would You Respond Handout?

Do we know how to give the best possible welcome to this man?

What might this woman need so that she felt confident she could come to your church?

What about this man. Would we welcome him appropriately?

How could we best respond to those with hidden issues?

How would we let this family know that we valued them?

Radical Welcome – How Would You Respond Handout?

How could we help this child really join in with Sunday School?

How do we offer worship that appeals to everyone?

How do we make sure that we treat everyone the same?
