

Inclusive Church Logo 2025

1. Visual Identity, Usage and Brand guidelines

This document is to be read and used alongside the logos provided in the Brand Pack. Please do not edit or alter the logos in any way. The files are numbered to correspond with the sections below.

Our Typeface is Inter

available at <https://font.google.com-specimen-Inter>

2. Primary Logo

The core logo of Inclusive Church's Visual identity, to be used as the default option.

Visual Description of new logo:

- Three stylized church outlines with arched windows, one of which has a cross on top, because our faith is central to our identity.
- The outlines use a gradient of green and blue, transitioning from darker at the bottom to lighter at the top.
- To the right, the name "Inclusive Church" appears in bold, dark green text.

3. Secondary – when primary not suitable

4. Icons – for social media

However, because they do not include the words 'Inclusive Church' we would prefer member churches not use them if it can be avoided.

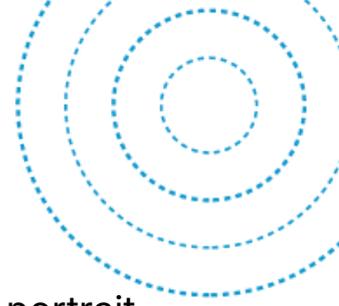

5. Flat Logos

To use when the logo will be small scale (88px or lower) or in accessibility-critical contexts. Also suitable to be used in grey-scale

Note – the dark green box above is included for clarity, the logo itself is white on a transparent background.

6. Orientation

Use the landscape versions when possible, switching to the portrait ones when space necessitates it. Always ensure the text is generously proportioned.

7. Colourways
